Your goal is not to write lyrics

The purpose here is to just get the writing started so that when the writer goes onto their day's writing projects, words are already flowing from their fingers.

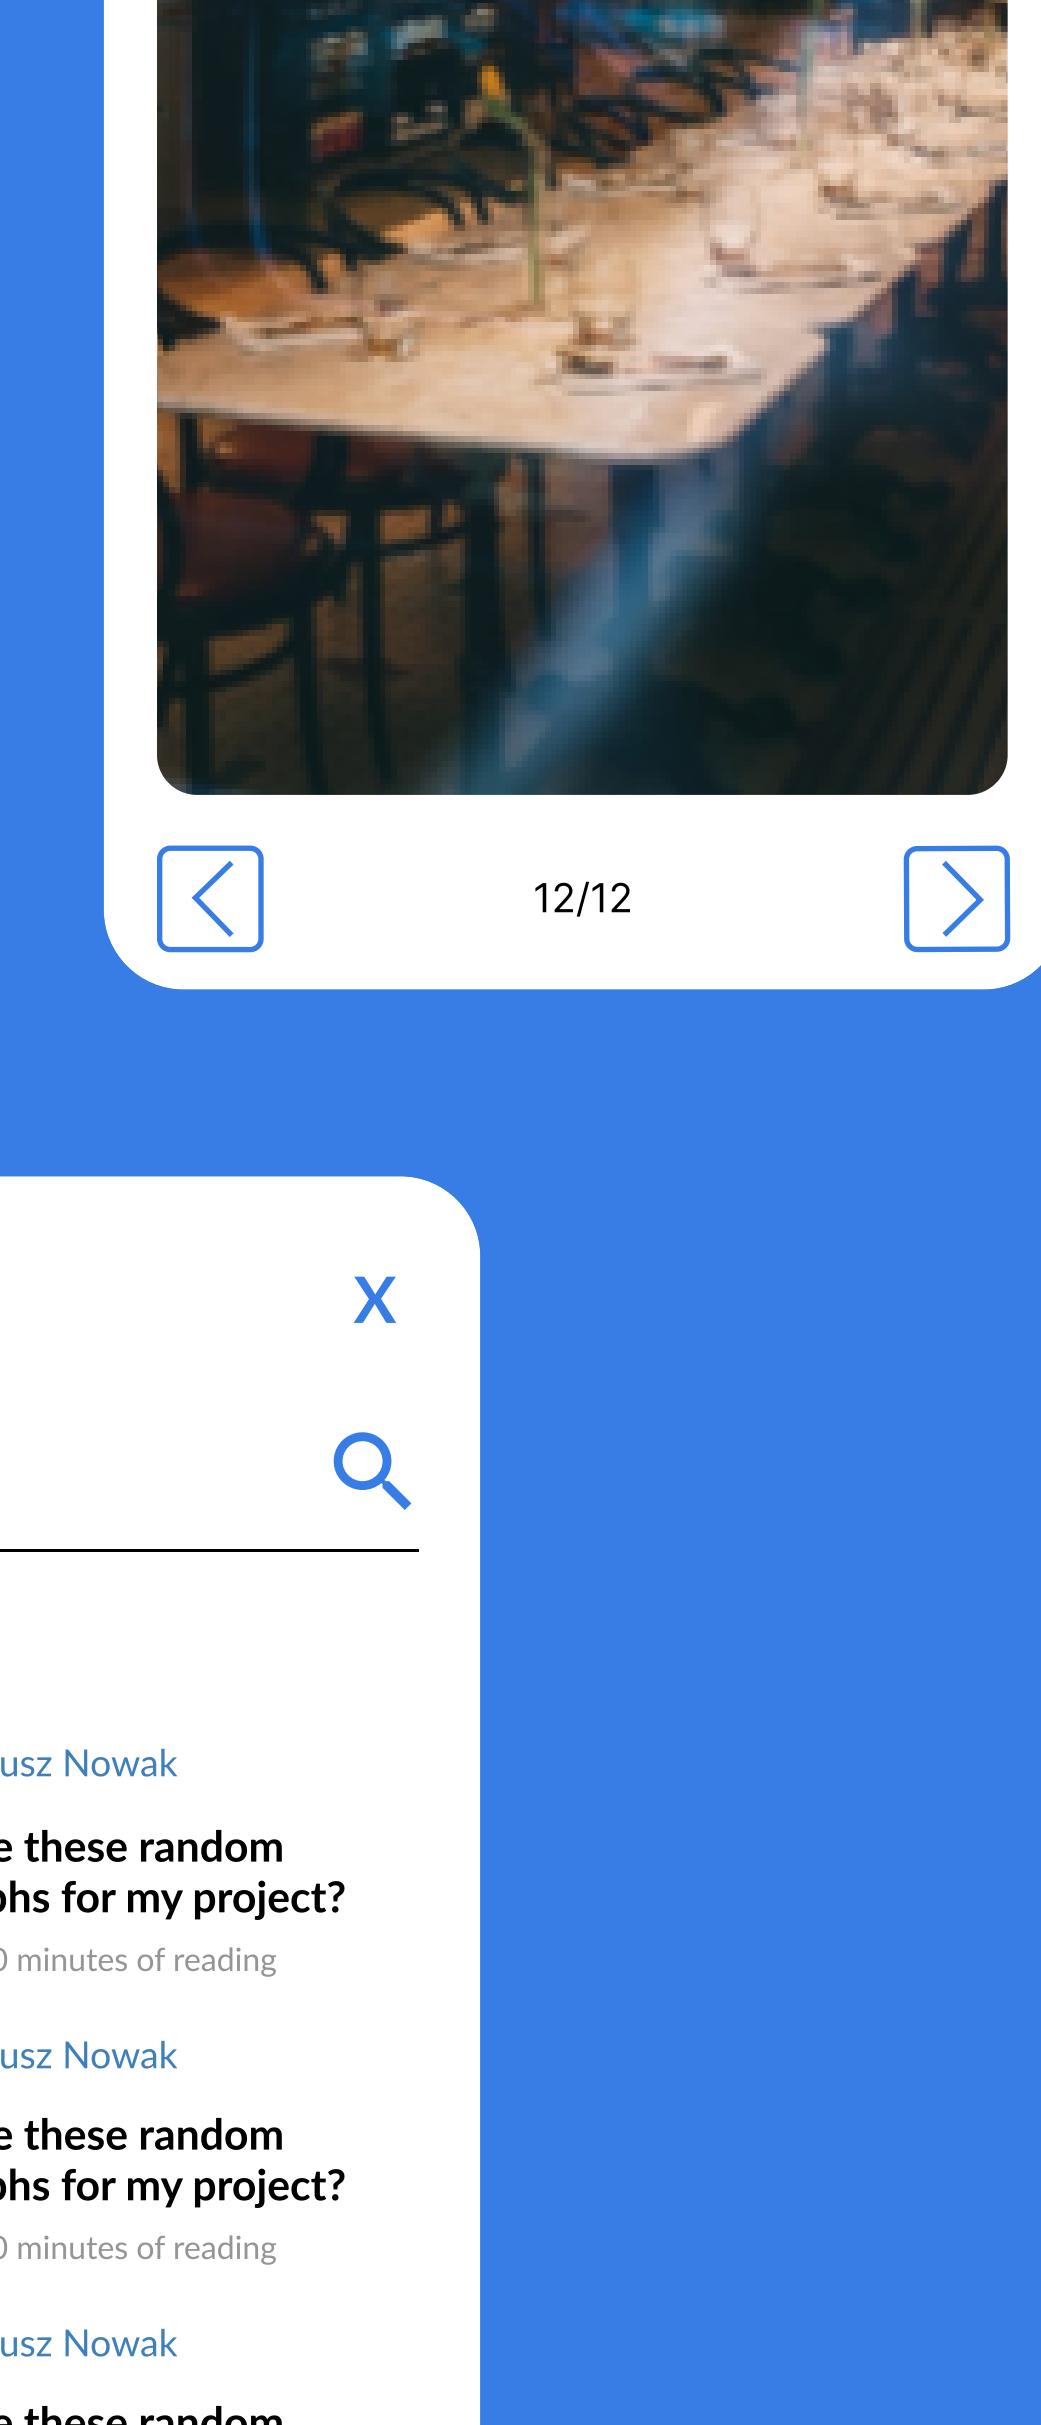

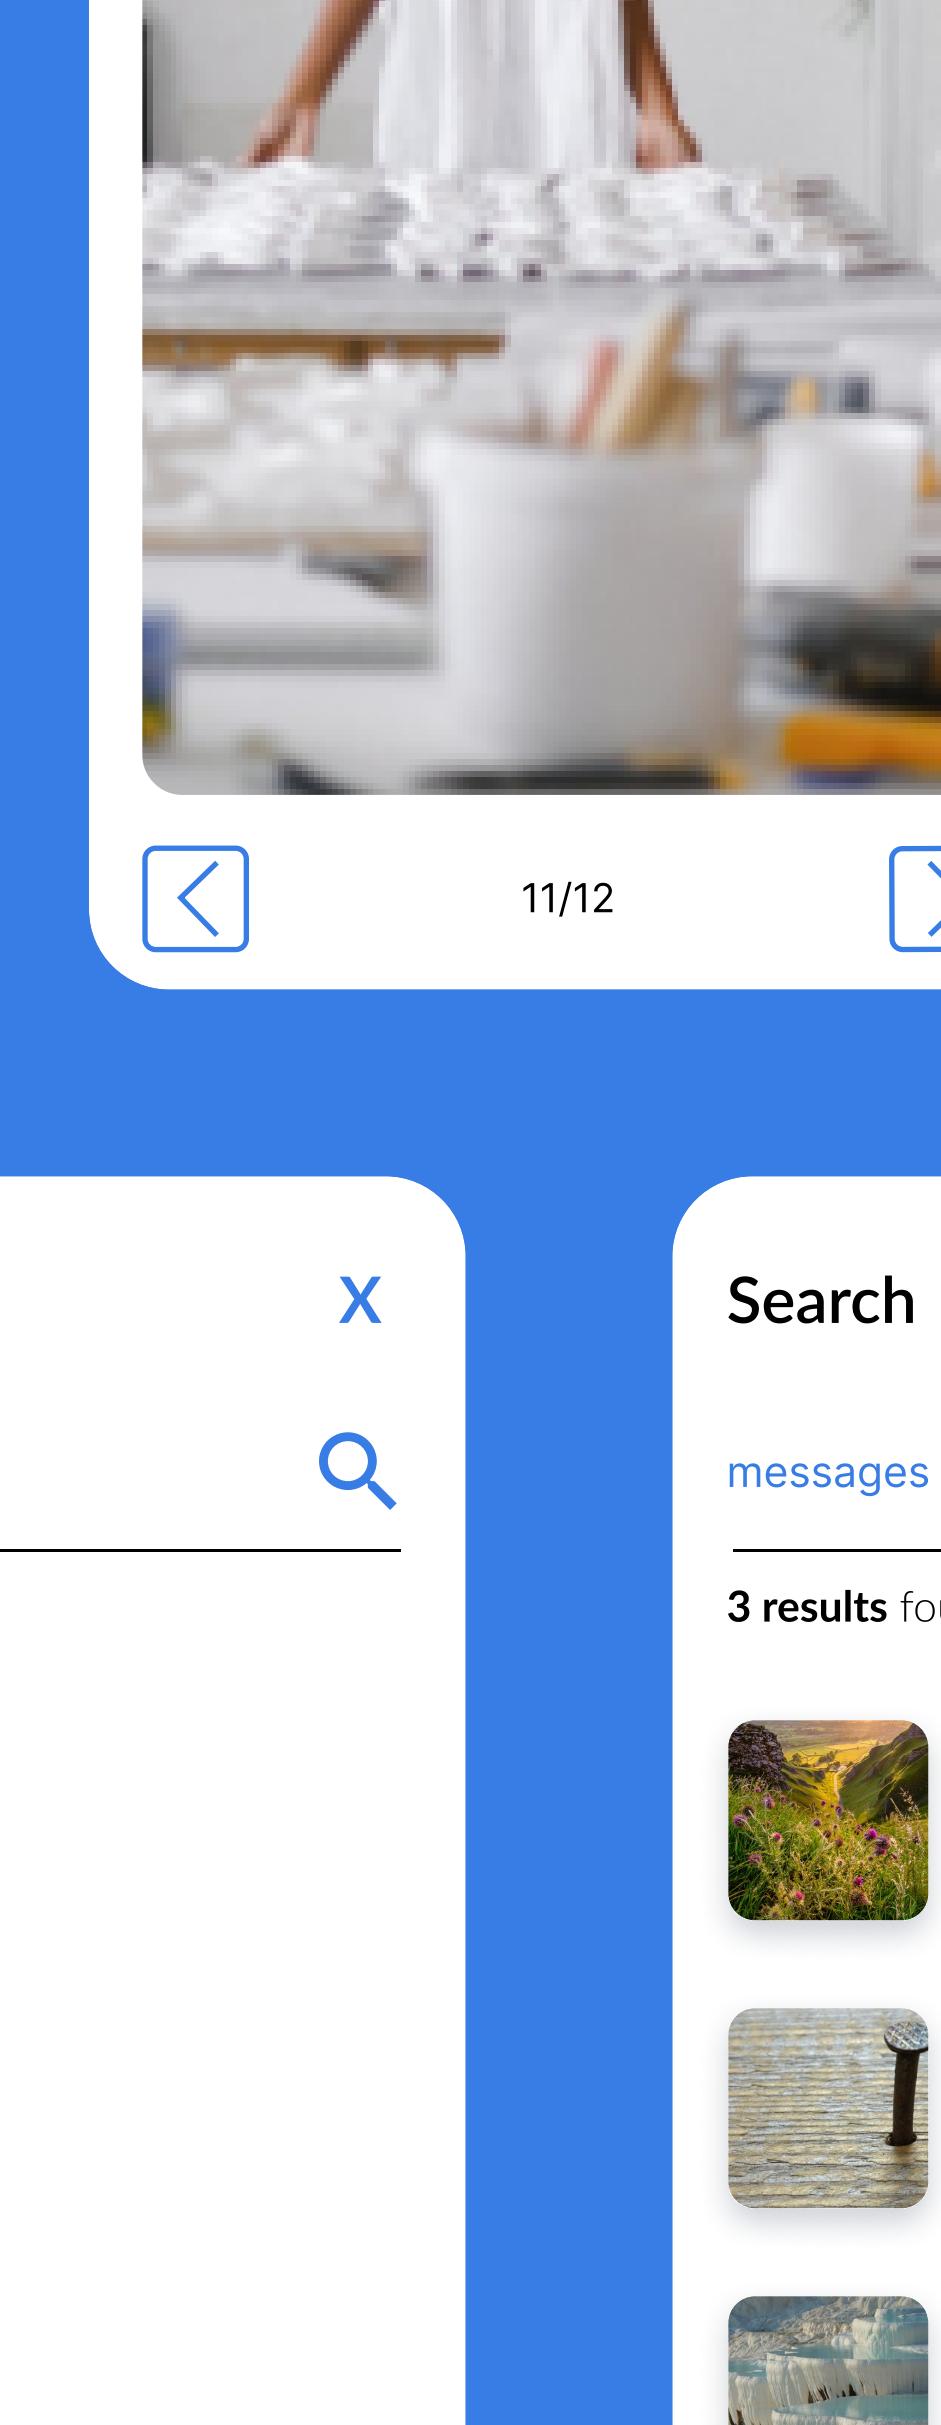

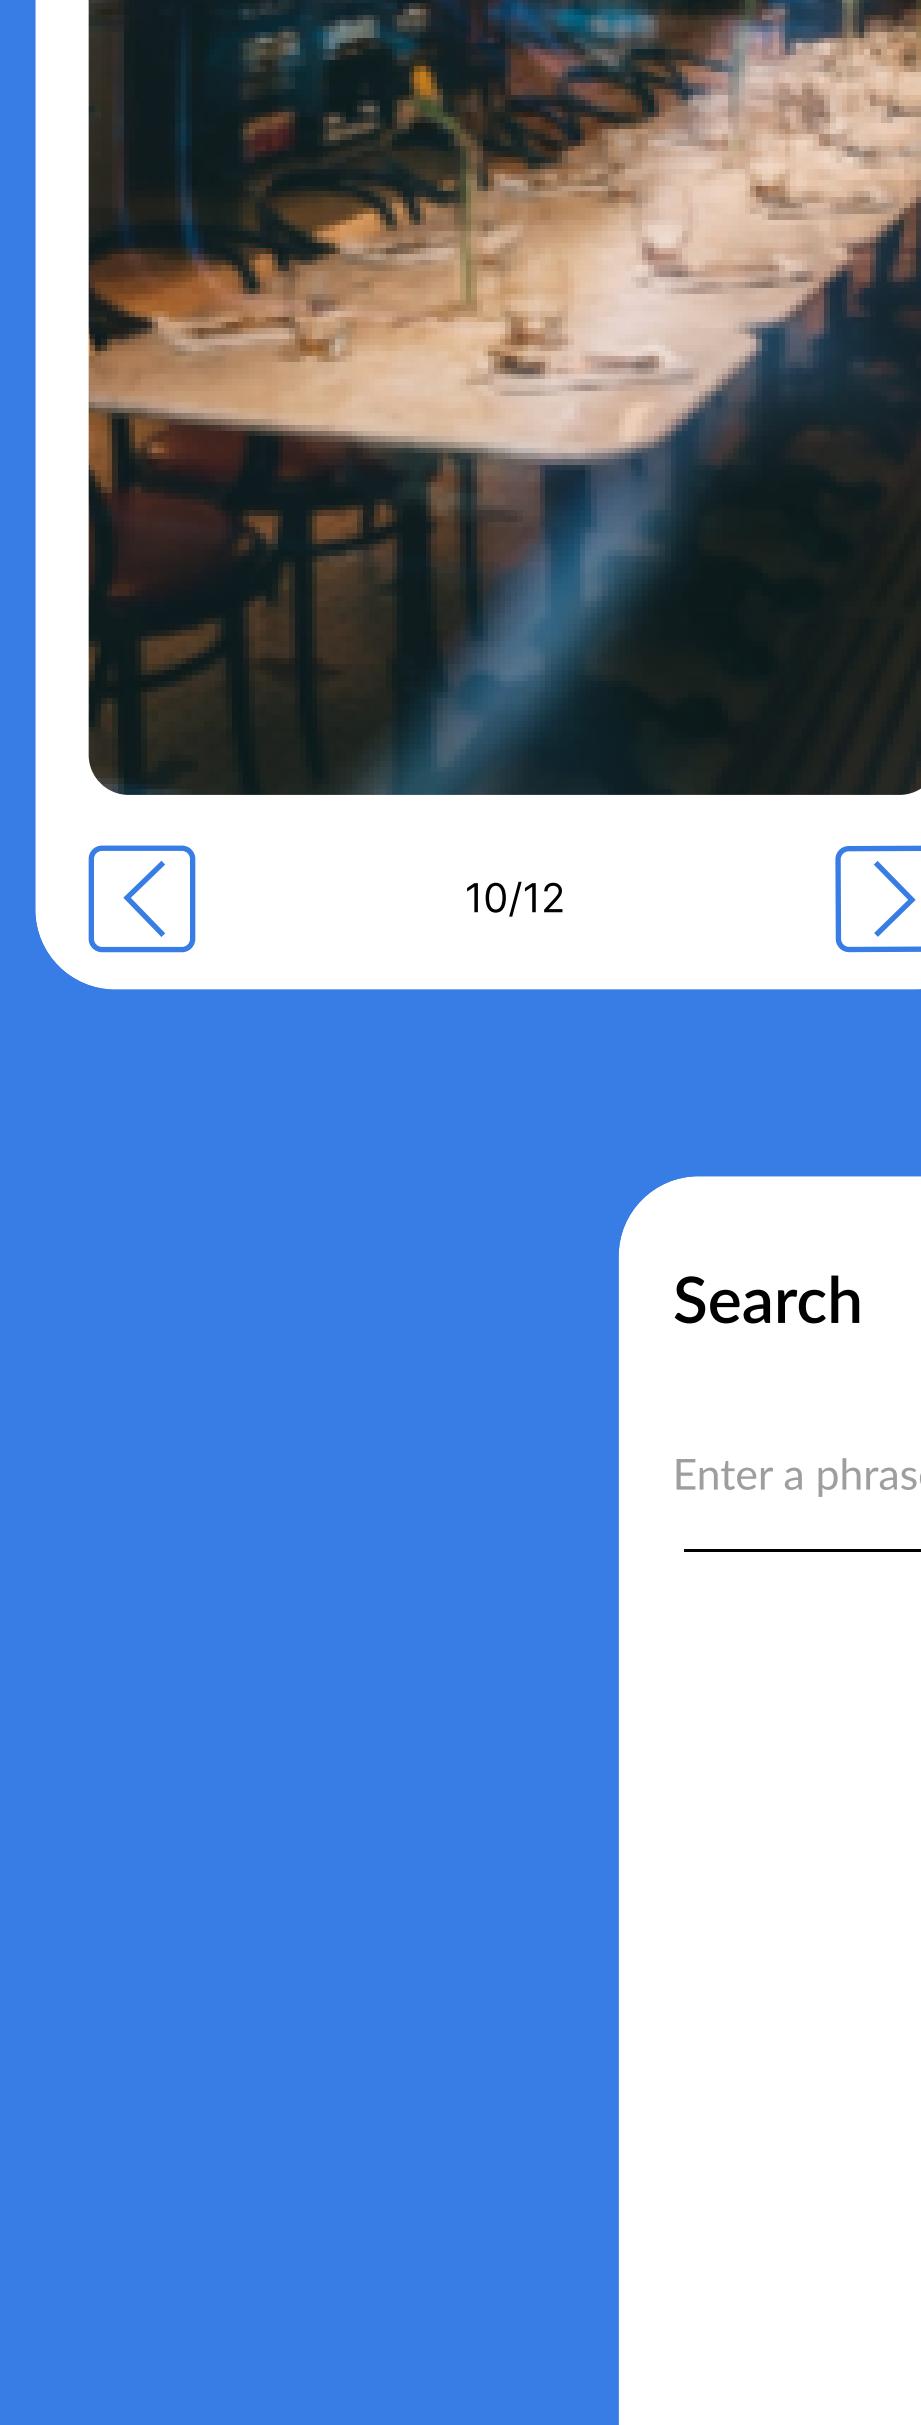

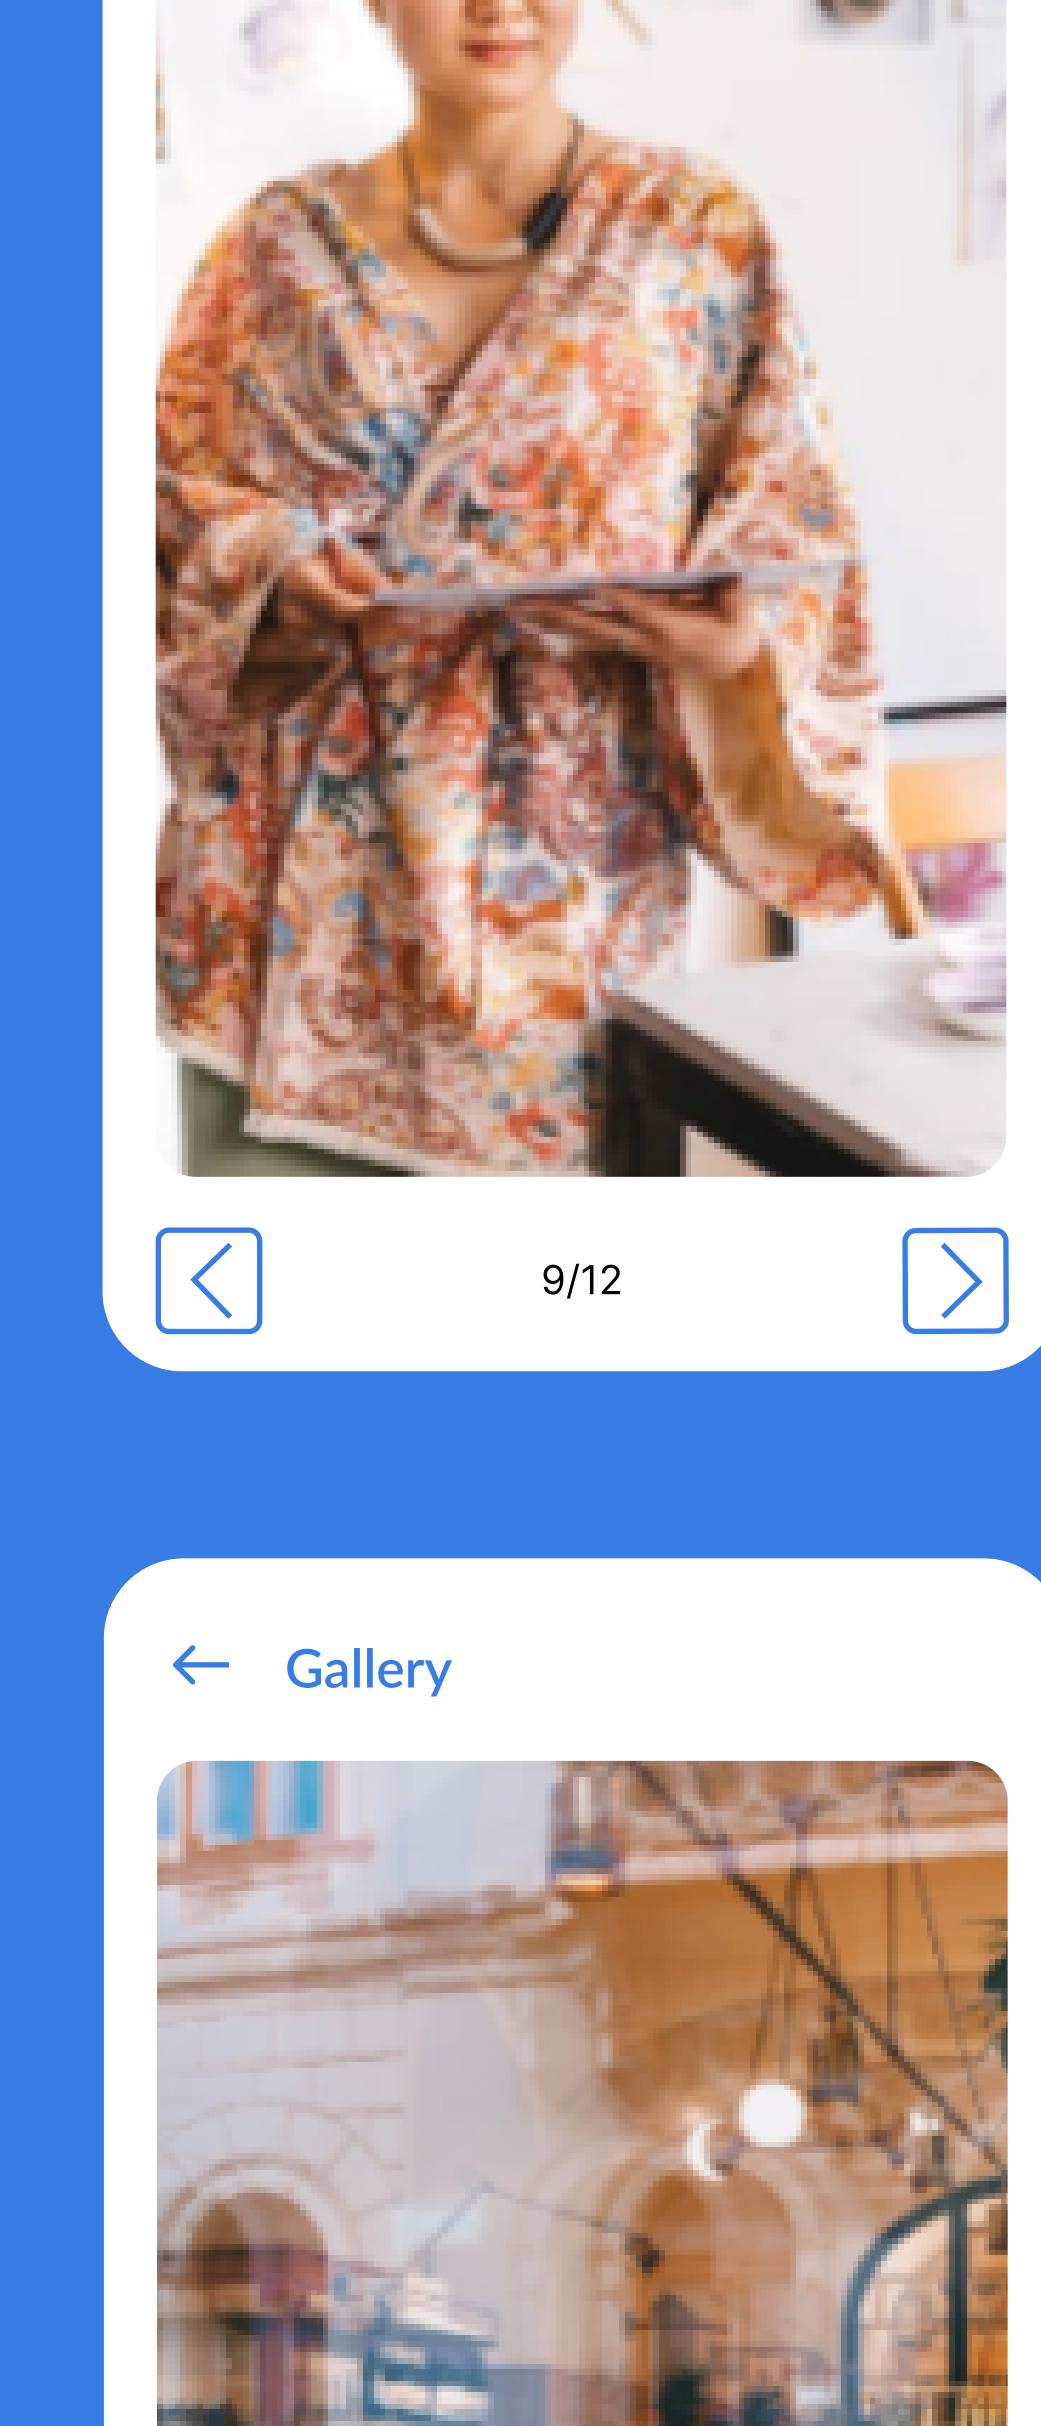

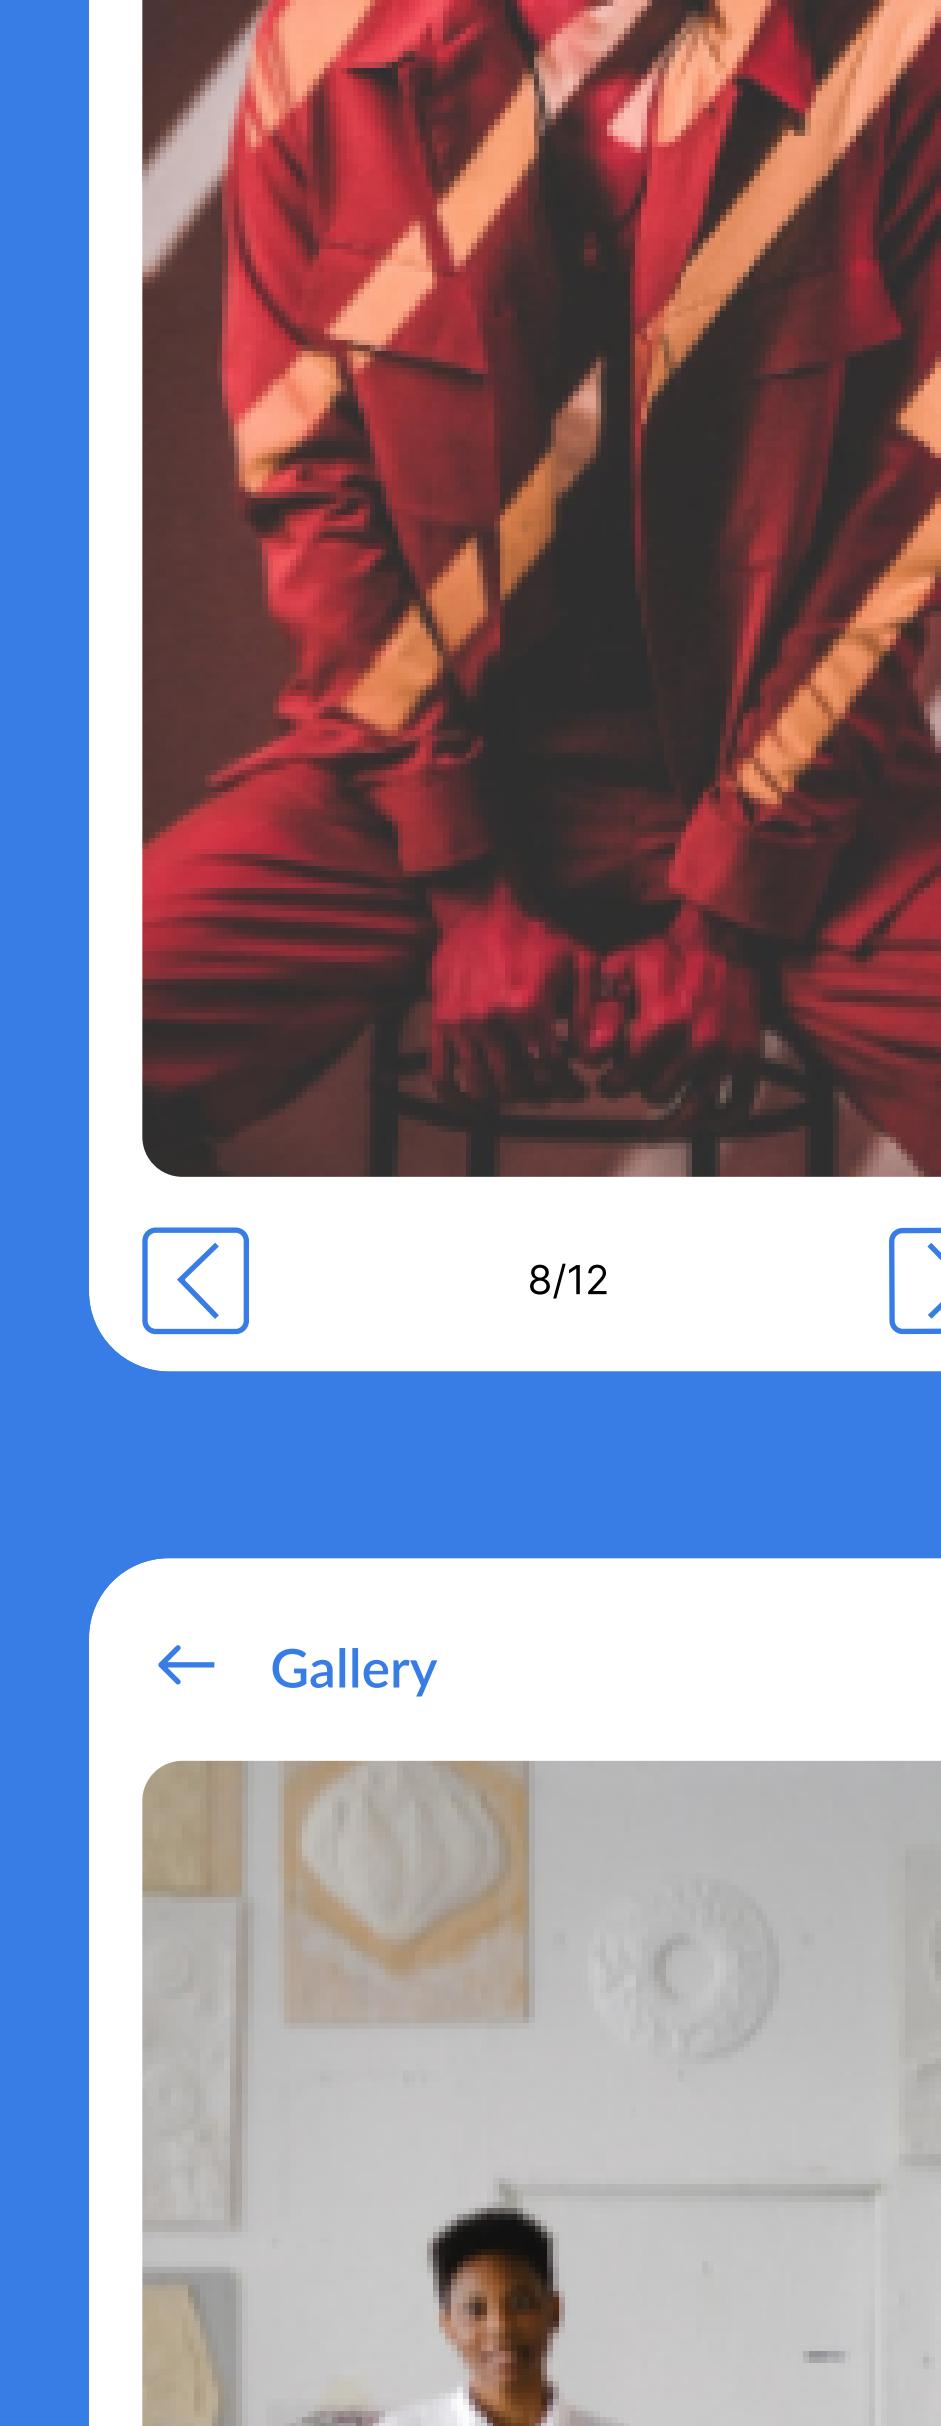

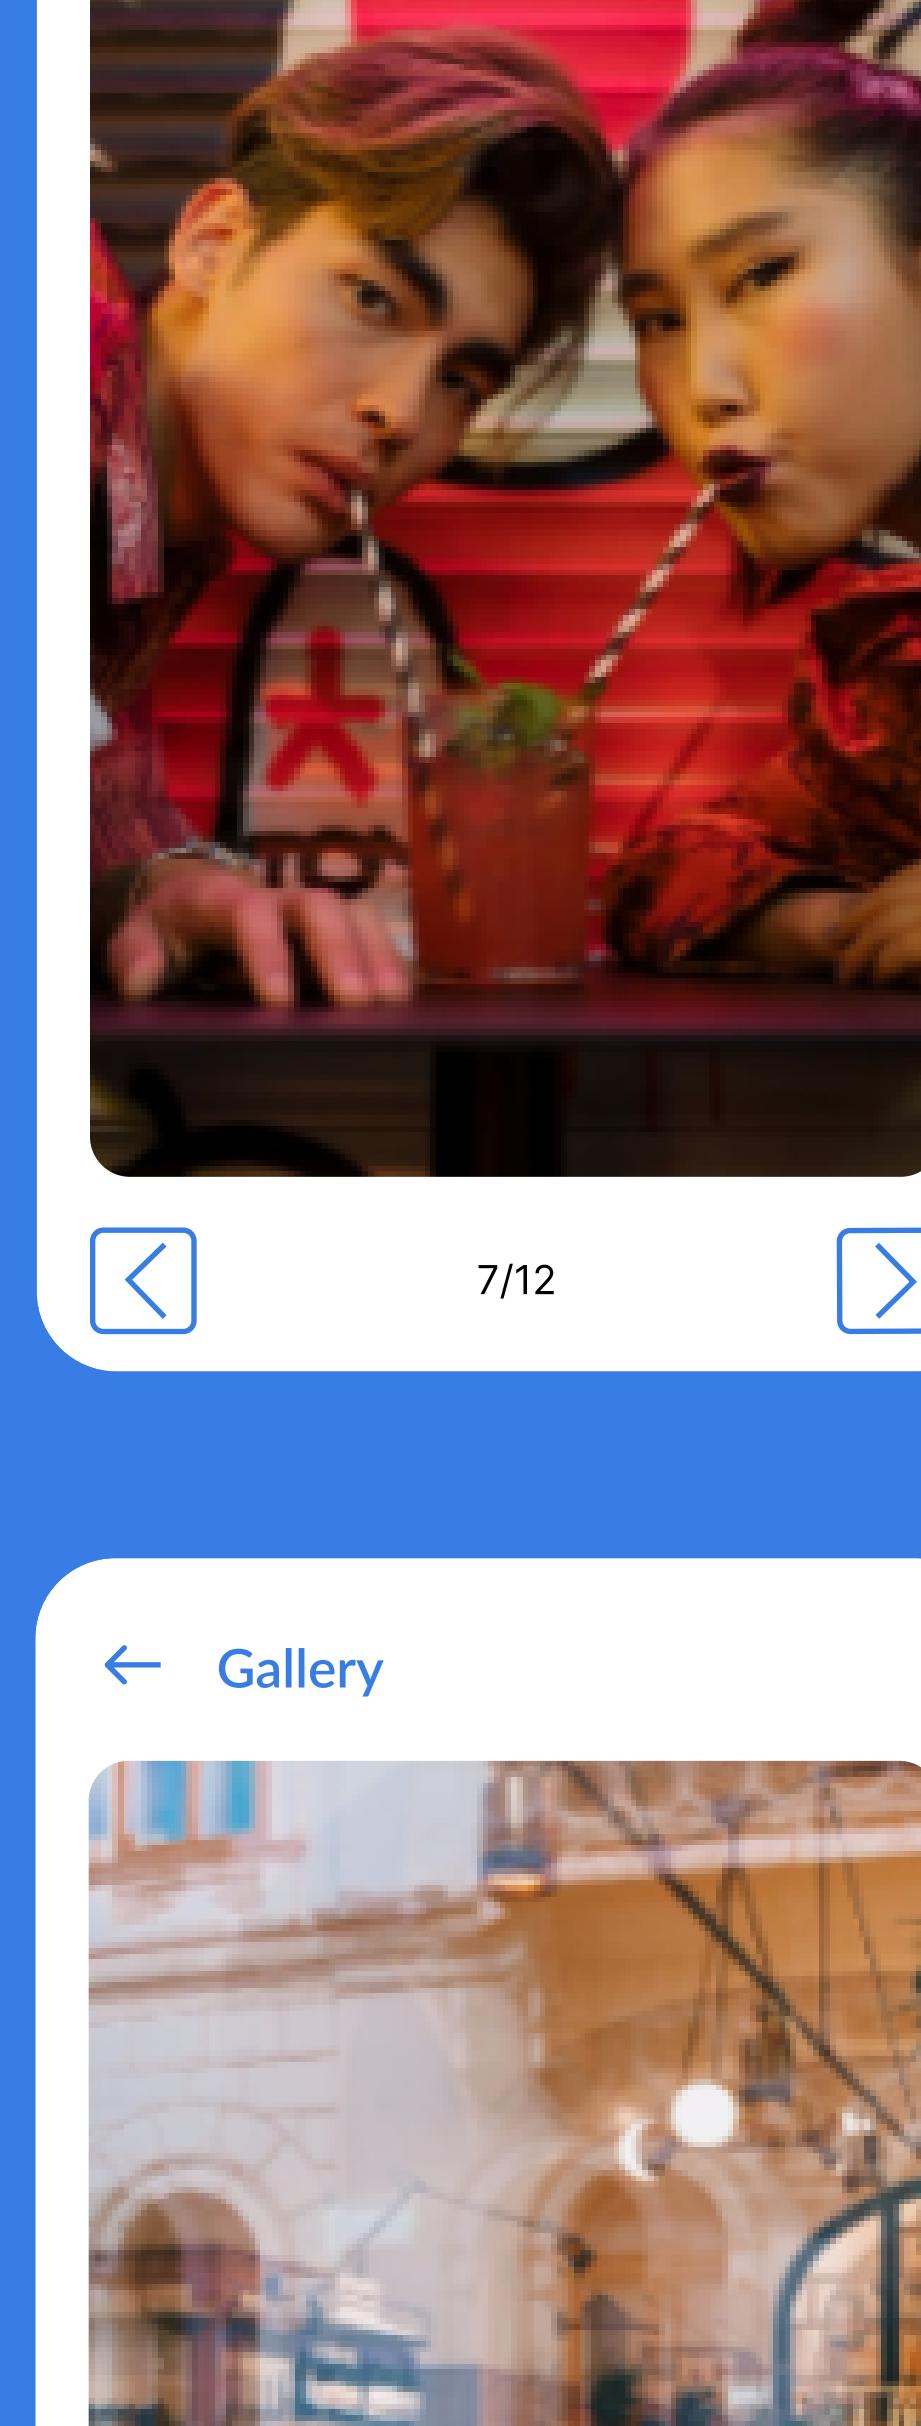

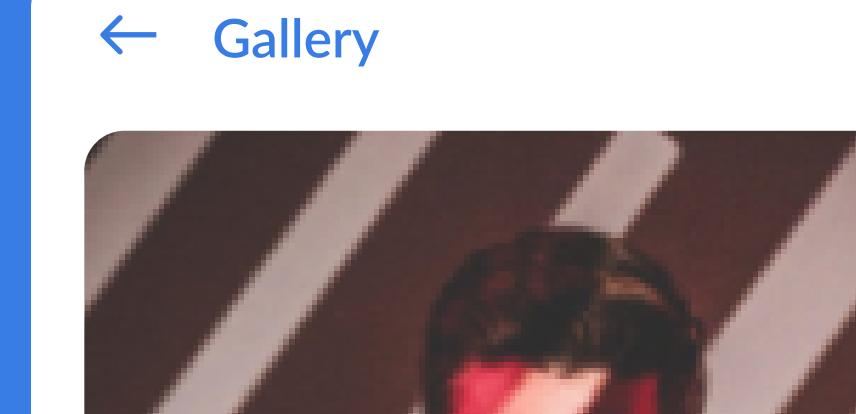

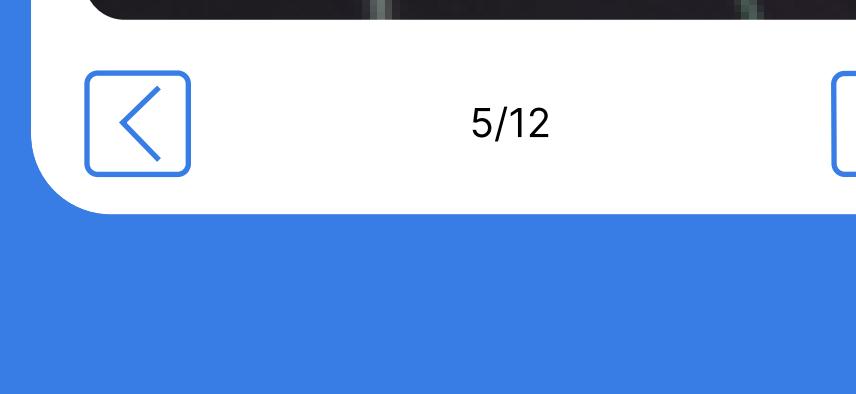

Another writing challenge can be to take the individual sentences in the random paragraph and incorporate a single sentence from that into a new paragraph to create a short story.

Creative Writing

Generating random paragraphs can be an excellent way for writers to get their creative flow going at the beginning of the day. The writer has no idea what topic the random paragraph will be about when it appears. This forces the writer to use creativity to complete one of three common writing challenges.
